3. What was at least one immediate effect of the event?
4. What is the lasting importance of the event?

*I don't love busy-work, so I wanted to assign you something you'd actually find helpful during the course. The events listed below are the "landmark" events that we'll be covering throughout the course of the year. By completing this assignment you are creating a framework of knowledge for the entire year. You may do this on a separate sheet of paper or you may download this document and fill it out. Either way, I need a print copy turned in to me by **Friday, August 12th**. I've gone ahead and done the first one for you as an example of the level of work you should be doing. **You should feel free to use the internet to complete this assignment.***

Keep in mind that for each question, there is more than one correct answer. What you write may not be the same as what one of your classmates might write!
