

# Honors World History 9

## Summer Assignment 2022

**Due: First Day of School**

Print a copy of this complete assignment on white, unlined paper.  
Place assignment, cards, and maps inside your project folder to turn in.  
The completed assignment counts as a test grade.  
Late work will not be accepted for a grade.

### I. Essential History Vocabulary

Define each term using reputable sources (NOT Wikipedia or Quizlet). Be sure your definitions are complete. Use an on-line dictionary and create a Google Slides presentation: 1 slide per word. Last slide should include your sources.

- Write a synonym for each italicized term (7);
- for each underlined term, write a sentence giving an example from history using the term (13);
- for each bold term draw an illustration (5).

Record each definition on a separate Google Slide. Your last card should contain the sources used for each term: if you used dictionary.com for all, then you have one source.

Definition Card Example:

*Communism*: a political theory taken from Karl Marx which advocates class war leading to a society in which all property is publicly owned and each person works and is paid according to their abilities and needs.

Synonym: collectivism

Source Slide Example:

Sources:

1. dictionary.com
2. meriam-webster.com
3. worldatlas.com/aatlas

Merely memorizing words in the definition is useless; you must understand the meanings.
